Subject: Motivation letter for scholarship

Dear Sir / Madam,

I was very glad when I saw this scholarship opportunity and with this letter, I would like to express my deep interest in the DAAD scholarship. I am a graduate of Makerere University Kampala, with a second upper class bachelor's degree in Information Technology.

Since I have a quite strong academic background and several years of experience in the Information and Communications Technology field, I believe that Masters Course in Information Sciences perfectly suits my profile and career prospects. My ultimate goal is to work with Information Technology departments in government, organizations as well as in local universities in order to avail and improve on use of Information and Communications Technology in efficiency, effectiveness and human resource capacity building through training.

Due to my financial situation as an orphan, I was unable to continue my studies since I am not in a position to finance my studies. I thus with deep interest, humbly apply for this scholarship so that I can improve my education and incent my career prospects.

With the knowledge gained from the Masters of Science in Information Systems, I intend to continue working at the University and to also work in the public sector as well, so that I can be able to contribute to the development of my peoples and my country.

This scholarship opportunity I perceive as an extraordinary opportunity to interact with students and scholars from diverse professional and cultural backgrounds coming from all the World. This type of networking is very important for integration of different ideas and perspectives pertaining to diverse global issues, especially relating to Information Communications Technologies.

At the end I very much wish to point out that I am very determined to make the most out of the scholarship program. I believe that getting this scholarship would not only empower my career development, but would give me the framework to utilize my full potentials. Moreover I feel that as a Masters student at Makerere University, I will benefit from the numerous challenging career opportunities.

Thank you for considering my request. I look forward to your positive response.

Yours faithfully,

Hillary Kahoza
